Abstract: *India is a democratic country, democratic means by the people, for the people and of the people. So in our country, government must work for the benefit of the people of India. Democratic means all the decisions taken by the government of India and also the state government must be beneficial for people. The people should know everything about the decisions. The bills passed by the central and state government can be viewed through this portal. The public can share their views about these decisions and vote their views. Also if any law is changed by government or the Supreme Court that law is shared through this portal and people can like or dislike their opinion. Through this portal, people can share their view and show their dislike or protest against the government decisions that does not benefit the people. In this portal Supreme Court is also added, so that the court can see the bills passed by the Rajya Sabha, Lok Sabha, and SLA. Also public can view approved bills, they can send a complaint to SLA. This portal will be beneficial to the public.*
