

E-Gram Panchayat System

Vaibhavi Sawant

Institute of Distance and Open Learning, Mumbai, Maharashtra, India

Abstract: *This project's goal is to develop a E Gram Panchayat website. This is an online application which can be access through internet from anywhere and at any time. The main objective of this website is to provide information of newly implemented schemes to villagers so that they can apply for those schemes. They also can apply for any document or certificate like 8A, birth and death certificate, assessment certificate and BPL certificate. The website will also focus on farmer support, this will help to provide support to farmers to provide market for their crops.*

Keywords: E-Gram Panchayat, Farmer, E-Governance, Government-citizen relationships, E-Government, Android Application, User Friendly, Secured, Centralized Approach
