Abstract: *The Atmanirbhar Concept Bharat originates from the Sanatan era, when the community was "Atmanirbhar," or when every item needed by the residents was produced in the same village. With the Atmanirbhar Bharat Abhiyan, the current government is concentrating on the empowerment of women. The Indian government introduced many programs, including the Ujjawala Scheme for impoverished women, Sukanya Samradhi Yojana, and Beti Bachao-Beti Padhao. This report highlights the significance of women's roles in these projects and focuses on them. This study examines the obstacles that women encounter in today's society. There is still gender discrimination in the modern world, along with greater learning. There is still more to be done to advance women's status in politics, society, and education.*
