

# Learning Resources

**Prof. Ashwini Naresh Kudtarkar and Prof. Tarannum Ansari**  
Shri G. P. M. Degree College, Vile Parle (E), Mumbai, Maharashtra, India

**Abstract:** *Learning resources encompass various types of text, media, and digital assets that serve as valuable tools for teaching, learning, assessment, and research purposes. They are essentially artifacts that enhance the learning process, and while some authors define them as content, others include tools and learning environments. To maintain clarity in learning design methods, it is beneficial to differentiate between resources and tools, even though their boundaries may overlap...*

**Keywords:** Learning resources
