Abstract: *This study examines of agreement of the World Trade Organization WTO on the Asian Trade between 2022 to 2024 period. The World Trade Organization has long played a crucial role in promoting free trade and resolving disputes no fostering economic growth. The Asian economies are due to global supply chain disruptions, fluctuating tariffs, and regional trade agreements. The World Trade Organization role's during 2022-24 in Asia is maintaining trade stability on the global landscape. The organization faces challenges from geopolitical tensions and evolving trade dynamics, for dispute resolution trade facilitation, and support to the regional trade agreement.*
