Abstract: *The National Education Policy (NEP) 2020 represents a paradigm shift in India's educational landscape, aiming to transform learning outcomes and pedagogical practices across the country. This paper explores the multifaceted impacts of NEP 2020 on students, analyzing changes in curriculum, assessment methods, and educational policies. Through a comprehensive review of literature and empirical analysis, the study investigates how NEP 2020 influences student learning experiences, skill development, and overall educational trajectories in the Indian context.*
