Mock Sync Studio: A Comprehensive Mock Interview Platform

Jatin Kansal, Vansh Sharma, Aju Abraham

Dronacharya College of Engineering, Gurugram, Haryana, India

Abstract: *The Mock Sync Studio is a cutting-edge mock interview platform designed to provide a seamless and immersive experience for users. This research paper presents a detailed analysis of the proposed platform, its features, and the technologies used to develop it. The paper also provides an in-depth examination of the existing literature on mock interview platforms, highlighting their limitations and the need for a more comprehensive solution. Furthermore, the paper explores the significance of mock interviews in enhancing employment readiness and the role of technology in facilitating this process.*
