Abstract: *Alcoholism is a broad term for problems with alcohol, and is generally used to mean compulsive and uncontrolled consumption of alcoholic beverages, usually to the detriment of the drinker's health, personal relationship, and social standing. According to my study there are more than 58.4% of the people easily addicted to the alcohol they were aged 40 and more than that. The retail outlets of this corporation have been increased, that obviously increased the sale of liquor in the state. The TASMAC has gained revenue ₹ 60,094 crores in the years between 2010 and 2014 (by The Hindu report). The uncontrolled growth of the liquor sales in the state has increased the selling of liquor. This also causes many people to get addicted to alcohol. This study mainly concentrated Public opinion on alcoholic addiction in tamilnadu after opening TASMAC, to reduce or completely abolish the alcoholism in Tamilnadu state. Despite liquor stores staying shut for months in the last fiscal, Tamil Nadu consumed more alcohol in FY21 than ever before. The Tamil Nadu State Marketing Corporation (TASMAC), which holds the monopoly over the sale of alcohol in the state, reported revenues of Rs 33,811 crore in FY 21, which is its highest ever. The collection is 2 percent higher than TASMAC's previous record of Rs 33,133 crore reported for FY20. The main aim of the research is to discuss the opinion on alcoholic addiction in Tamil Nadu after opening TASMAC and students' opinions on alcoholic addiction in Tamil Nadu after opening TASMAC.*
