Abstract: *The Devadasi System is Socio-Economically practice which has a long history in India. The Devadasi practice a Woman usually belonged to lower caste is sexually harassed by the Society in the name of God and religious practices. It is said that the devadasis are servants of God and view of community. Hence, in the name of devadasis practice considering the evil effects of devadasis Government of Karnataka Passed the Karnataka Devadasis (prohibition of dedication) Act in 1982 and also amended the same in 2010 to rehabilitate the existing devadasis. As such, there is considerable change in the socio-economic life of devadasis. There is change in the Education and Environment life of devadasis children. The Conducted as survey based on interview schedule Athani Taluka Belagavi District. Information collected includes devadasis status and devadasis children occupation, education Awareness on the social welfare schemes and programmes. It is suggested from study that there is need to devadasis children on the employment welfare programmes and rehabilitation schemes of the government.*
